Check this site for software information

The latest version of the Procreate for iPad app is 4.2. 1, and it requires an iPad running iOS 11.1 or newer. That means the latest version of Procreate can run on all five of the iPad models currently on sale from Apple: iPad Pro (12.9-in., 11-in., and 10.5-in. models), iPad (6th Generation, 2018) and iPad Mini 4.
